Decided to go fishing a bit later today with a buddy of mine just down at a river near me. Its 70 degrees and beautiful out. Anyone do any fishing themselves?

No but show us if you catch something.

I am not a particular fan of fishing myself, I just do not find it fun, but I love swimming.

Definitely show us if you catch something!

Doesn't show shit this guy. Said he purchased a 7k mattress on his other thread but never posted a pic when I asked.

This request will just be ignored.

Used to quite a bit. Loved it. What are you fishing for?

I enjoy muskie / pike fishing. I am leaving for a trip on Friday.

I love it! best thing is taking out my ski with my girl and we go out and fish with two rods and use live bait to catch some nice dinner. I'll upload some pics in my edit

I just miss my Papa ? We used to do fishing when he is still alive, but now it's just a fun good old memories. Nowadays I never do such thing, too busy in real life ?

Fishing and camping when the weather is nice, is always fun.
Enjoy.

This is always fun together. I typically don't go fishing unless I'm camping or at the trailer. But it's been a while since I've been able to go ?
