Hamas' armed al-Qassam Brigades have said that three hostages were killed in Israel's hostage rescue operation yesterday that also resulted in four Israeli hostages being rescued

In a video posted on its Telegram channel on Sunday, Hamas said three hostages were killed, including a US citizen, in the Israeli military operation.

"The operation will pose a great danger (for) the enemy's prisoners and will have a negative impact on their conditions," spokesman Abu Obaida wrote on Telegram, according to AFP.

The situation in the Middle East is getting more and more tense...who knows what'll happen if it continues to escalate and countries from around the world start to take part.

Like What they did on October the 7th? On October 7, Hamas terrorists waged the deadly attack — slaughtering babies, raping women, burning whole families alive, and taking hundreds of innocent civilians hostage. Since October 7, more than 1,200 Israelis have been killed. Terrorists are still holding 132 men, women, and children in captivity.

Neither group "has more humanity". It's just some Antisemitic bullshit and this war has been going on since the 1940s but there's suddenly a propaganda push for people to be pro-hamas by someone.

You have enough video and photo proof on the net. All you need is to look at them. Also 35K "civilians" the same as hamas claims is fake and lies what has been proved. Do you have proof that the IDF killed 35K civilians? You can believe in whatever you want, that is your choice. Israel no longer needs to prove anything to anyone, everything has been proven already.

When I see what you write and how you think, I don't need an explanation as to why 60% of Egyptians live below the poverty line.
