Doom really that good? There's a few on the Xbox game pass but just never took the dive?

I have every doom ever made, 1993 and up. I'm a huge fan.

It's a super fast paced hardcore FPS, if you like heavy metal and guns it's for you.

Oh got it, and no i wont stop drinking "so much". Which ones are free? Bethesda bought the title from ID software and released "Doom" and "Doom Eternal".

Chung - June 12, 2024, 3:46 am

There's Doom, Doom (1993), Doom 2 (classic), Doom 64, Doom 3 and Doom Eternal standard.

All worth playing?

Looks great. Haven't played a Doom game in ages and the new ones have always looked great, but I never end up actually getting them. I imagine it will likely be the same way with this one unless I'm really zzz with games at the time, but nonetheless I'm sure it will be a banger.

Different from Eternal. A little slower now.

Not much longer until it finally releases on May 13th.

This is probably the game I'm most excited about this year. I was obsessed with Doom Eternal and played the snot out of it. I'm expecting good things with Doom The Dark Ages :) can't freaking wait!

Finished the first 3 levels at 100%, playing on Ultra-Violence, im upping it to nightmare. This is by far the best Doom ever made in the history of the series. ID really went all out. I can die happy, my time on this earth has been fulfilled.

Pr0m3th3us - May 18, 2025, 11:17 pm

Im on level 11...

Pr0m3th3us - May 22, 2025, 3:53 am

Beat it in 20.1 hours, next I will play "pandemonium" difficulty.

Sam - May 23, 2025, 1:34 pm

Solid game but I feel like Doom Eternal is better in my opinion. Sure both games have their pros and cons but with Eternal it felt more coherent. Eternal felt harder even on the easiest setting. Dark Ages tends to get challenger during certain encounters.

It's wrong for me to even compare the games but I just prefer Eternal overall.

Eternal was legit shit. ID did say that DA was going to be a bit slower pace, however you can change alot more settings now in the difficulty modifier area. Maybe check that out.

I genuinely disagree with a lot of your posts. Did you even play any of the older versions of DOOM. or is Dark Ages your first ever DOOM game?

It's hard to believe when you call one of the previous games shit. It's like comparing ratings of 9.5 to 9.8. They are both fantastic games, wouldn't call it shit whatsoever lol. DOOM 2016 is also amazing, is that shit too?

Oh you misunderstood lol by legit shit I mean it was awesome..

I see why you got confused. I talk different because I'm old.

Eternal was a huge step up from 2016. I have 55 hours in it and beat it 3? Times. And the expansions.
