Thread: [How I make around 180/Day AFK METHOD](#)

f1654c - June 18, 2024, 2:48 pm

Hello everyone,

I hope you're all doing well.

I'm a software engineer from the UK, and I recently developed a method that can generate nearly £200 (\$250) daily with minimal effort.

While having some technical knowledge is beneficial, it's not necessary because I have a step-by-step guide to walk you through the process.

Feel free to reach out if you have any questions!

Jeronim - June 18, 2024, 2:52 pm

I have seen this twice or three times in the forum recently. Any review from someone? How worthy it is.

Feel free to PM me if you need a hand setting this up. This version has just been updated and is running right now for me :)

If you make 205/day why you're giving away for free? is this really easy to make that amount online?
