Thread: [Summer Vacation Plans Share Yours!](#)

Melalis - June 23, 2024, 1:53 pm

Hey everyone!

With summer in full swing, I thought it would be fun to start a thread about our summer vacation plans. Whether you're planning a big trip, a staycation, or just some fun local activities, share what you're looking forward to this season!

I'll start: I'm heading to the coast for a week of relaxation, beachcombing, and seafood feasting. I can't wait to disconnect and enjoy some sun!

What about you? Any exciting trips or activities lined up? Let's hear about them!

No plans for summer but i have vacation planned in September, going camping for 3 days isolated in the mountains.

Nothing planned here. Just work and try to avoid this heat. It's been ridiculous here, I got a notification earlier saying to avoid going outside has there's a heat advisory. Summer just started and I can't wait until Fall now.

No plans other than going to work and doing some small gambling at the casino.

Definatly could be worse. Stability cleaning for the CIA is better than no job at all I guess.

I don't really have a plan unfortunately. I am going to the cottage for a week or so with my family in the middle of July, that's about it. Other than that, we work!

Nothing major like a vacation for instance planned as of the moment. Maybe more towards fall/winter for such a thing.
