What do you guys think of the whole Dr. Disrespect situation right now?

Charlie Sheen - June 26, 2024, 5:26 am

I was reading about it earlier and watching what other streamers are saying, ones that were friends with him like Ninja, NickMerCs and TimTheTatman. They have all said they can't support him. In Docs tweet he made yesterday he admits that he had inappropriate conversations with a minor.

It's very disappointing as he's someone I really enjoyed watching. I think he's finished now.

Wait what??

Why did he publicly admit that? I saw some stuff on tiktok but wasn't too clear so I didn't pay much attention. RIP.

He posted on X saying he did have conversations with a minor and they did lean towards being inappropriate but they were mutual and nothing illegal ever took place. He never met with her or sent pictures. Dude committed pedo behavior then went off about how he wasn't a pedo.

That's craaaazzzy man...

What an idiot. All of his efforts in the gaming community just shattered.

He had it made, he made millions off streaming. Married, kids, had it all. Now nobody is going to have anything to do with him.

Pooof. Just like that. Gone.

CRAZYYY

What a strange world. Darn it! DrDisrespect had quite a respect among gaming world, and it was its own persona. Today morning I was reading about his kerfuffle and -- shocking! Quite a stupid thing to do either.

TooBurnt - June 26, 2024, 7:09 am

The doc should have been respectful and this probably wouldn't have happened.

I wouldn't say shattered... The guy has had 4 years to be a predator making millions streaming to

young viewers. While legal tape let him do that.

Reputation is ruined, but people will still watch him and even if they all stopped today, he's still got millions in the bank. He cheated on his wife before all this anyway so he lost her and his kid before that.

I judge him so harshly purely because I cannot imagine a world where I would be put into anywhere near such a situation. The dude had a mortgage to pay off while the girl he was talking to was probably worried about being late to history class ffs.

Very topical username...

Maybe not shattered in the gaming com, but based on what you said, bro shattered irl.

.DOC turned to a .PDF

Things to point out.

- He went on for years saying "We don't have a reason for the ban", bullshit.
- He never said "I never knew the other person was a minor", so fuck him.
- He exposed himself, if he kept his mouth shut or better phrased his "confession", he would have probably deceived a lot of people to remain loyal to him. but fuck him.

Finally, this incident takes place in 2017, his ban was in 2020.

CONVENIENTLY, he got banned same month Mixer announced they are going out of business and redirecting all their traffic to FB Gaming.

Coincidence? I fucking think not.

Twitch probably knew about this long before he even signed the contract, when mixer was shutting down, they played their cards right.

- Got rid of a big contract of someone they see as problematic therefore clearing the big stage for big names to return on Twitch.

- Whoever Doc hired to be his Lawyer on this, I want him as my lawyer if I ever get arrested.
Not only did he get him a massive settlement, he also got Twitch to keep quiet about all this shit.

Overall, Doc is a creep, Twitch PROBABLY knew about this long before the ban and kept it under wraps.

campusminger - June 26, 2024, 8:25 am

this whole situation is fucked up.

i watched him and i loved him but after looking at everything i think he's done for.
tho it would make things more clearer if we saw what the texts were but i think thats not gonna happen, If twitch wanted to go public with this, they would have done it years ago but they didnt.
but yea all this is so sad, doc legacy is turned into shit because of what he did and i think we probably wont see him again.

Yeah I would like to see some sort of financial hardship too.

But yeah, bro shattered IRL, he will survive but damn as much as I'm throwing hate at him, i'd spend alot of money to not deal with what he's likely mentally dealing with these last few days.

You are 500% RIGHT!
