Thread: [Is Sketch cooked](#)

EmperorZurg-1 - July 8, 2024, 9:04 pm

With what came out about sketch and what he used to do there's been a lot of backlash. Do you guys think he can bounce back or is his past too much?

Personally I find it interesting how he's receiving more backlash about being gay then Dr. Disrespect did for being a pdf file.

What are your thoughts?

Dr Disrespect was cancelled, he's done. He's been demonetized, sponsors and companies dropped him. All the other streamers came out against him.

From what I've read the other big name streamers are in Sketch's corner right now.

His OnlyFans content was leaked, and he issued a statement apologizing and saying he's changed.

He cited addiction problems. I question how he suddenly woke up and realized he doesn't like being pegged in the ass though. He could have just double downed and maintained his LGBTQ status, which I feel like is more likely. Or is he worried people will stop watching him if he does so?

I'm not sure I believe him. I'm really surprised not many people are reacting to the fact that he faked being autistic and having a disability.

He isn't gay. He said he had a drug problem and needed money so he did a OF account that did gay porn for money for his drugs.

Then he found about streaming and switched over to it and claims he is sober and isn't doing anymore drugs. He has friends and family supporting him.

Hold up what? He faked being autistic. I thought people were just trolling saying he faked it or his disability isn't real.

There's a guy name brad that he met him off camera and he thinks the guy is autistic and isn't faking it.

LOL. If somebody stoops lower than Ricky from Trailer Park Boys hitting store after store for smokes and his family's food in the sense of faking AUTISM when there are perfectly good things like schizos, depression, anxiety, ADD, etc. that get compensation that is just about gonna be the shame of the year but I'd be cheering along with every gob tossed down his throat and cap off with laughs when he inevitably feels targeted having stole Landsverk's street name from 20fucking12 right outta Walsh and Brimmer's mouths.

gwiz - July 16, 2024, 2:58 pm

I never heard of him until this gay shit came about, dude looks like a white n3on.
