Thread: [Anything better THAN or LIKE Demon Slayer?](#)

As we eagerly wait for the final arc, what is there to watch in the meantime while we wait?

Preferrably something like Demon Slayer.

I guess it depends on what defines Demon Slayer for you, like : You're looking for a shonen with the main char that powers up ?

If so, there are dozens so you should probably add which ones your already watched. Otherwise here are some propositions :

- My Hero Academia
- Chainsaw man
- Solo Leveling
- Kaiju n8
- Bleach / Bleach TYBW
- Fate
- Jujutsu Kaisen
- Hunter X Hunter
- Mashle

I've been looking for the same thing. There's something about the animation and the overall quality of art that I think I love the most about the series. The storyline is great too. Bastille, thanks for the recommendations. Will check some of them out.

I'm really picky when it comes to anime. I don't have many anime's that I watch so the ones that I find that are genuinely interesting are usually ones I hold on to.

I recommend you

- Mob Psycho 100
- Sousou no Frieren

Hunter x hunter and solo leveling will be a good one
