im not sure what freecash is, but its nothing to do with any of the things you mentioned...

This guide is very simple&straightforward and will show you a few different lowkey sites where you can get paid to participate in anything from playing games, downloading apps, giving your opinion on products services, etc...This is an easy way to make some money daily from your phone while chillin out at home and perfect for the newbie or someone wanting to make a few bucks daily to invest in bigger business ideas ?

So your method looks a lot like going to FreeCash to get paid by filling surveys, playing games and downloading apps. Anyway, GLWS
