I reached out to CygnusX0 on Telegram to get a crypt for xworm. Within minutes of contacting him, I received my fully crypted file, which successfully bypassed Windows Defender. The entire process was quick, and he answered a few of my questions. Overall, it was a great experience, and I look forward to using his services again in the future.

I don't need a vouch copy but thanks.
I'm sure another trusted member will post, you should give them one ?

CygnusX0 - July 18, 2024, 11:06 am
I will make a crypt for a review, to a person with a reputation
