Thread: [New Coin more profitable than XMR](#)

AdriEclipse - July 21, 2024, 3:53 am

This coin find this coin right now have big hash
price is sometimes down but every day up 0.3 aprox

Block have 122 coins

I mining with 1 Mhs and win every day 60\$
and other randomx is around 30\$-35\$

I recommend this pool other i tested have big delay payments

Thought this was a shill thread but it's actually mining so that's cool.

Finding good coins to mine isn't an easy task. Thank you for sharing with the community.

treeyagi - July 23, 2024, 12:29 pm

trying now thank you [warn]

How much did these run you/where did you purchase it?

What is your cost to make \$60 profit per day or is that total revenue without removing costs?
