Bought Crypto from this vendor on kucoin with interact etransfert two second later he tells me he got blacklisted with td so i need to cancel the interact transfert and send it on his new email aso i went to cancel it and two minute later i receive a text saying my td account pssword got changed so i call Td get my account blocked and now i need to wait till tomorrow and go to the bank to find out what happend like wtf is there a new scam going that i dont know about ??

The payment was 470\$ Cad and the vendor had more than 900 sales but the weird thing is why would td blacklist him and second do you guys think td just blocked my account incase of fraud ? Because I interacted with someone with an blacklisted email ? Td dont wanna give me any information they tell me to go to the bank and bring 2 Ids like wtf

Huh?

Kucoin vendor?

Kucoin is an exchange where you can buy/sell yourself.

Sounds like you have been scammed.
