Thread: [Top Recommended RATs: My Current Picks](#)

15khud3 - July 28, 2024, 1:33 am

Here are some of the best up-to-date RATs in my opinion today.

(I had to gatekeep a bit to ensure it doesn't end up with people who don't know what they're doing.)

wait how tf do I put a .txt file on this

T3n - July 28, 2024, 4:16 am

Then you discover that the RAT makes a reverse shell connection to your computer and basically you're the victim.

Hahahahaha! ? Just post the goddamn content instead of putting txt file just to get bytes. Lol. Your post of top recommended RATs is not worth the bytes my friend unless you are adding methods and how-to use in it and by the way, anyone can post something similar.

Agreed just post your list.

Interesting to see what your recommendations are actually.
