Thread: [I am a federal agent. And I used to be Anonymous!](#)

Yes, it's a strange world.

If you catch the governments eye, they will catch you!

I was a good Anonymous guy, I blackmailed pedophiles.

That's why they employed me, and gave me the best life I could imagine.

I'm no longer known as Anonymous, but I can't post my name here. [warn]

I left and came back to see this thread is still somehow at the top of "New Posts."

Yet here I am contributing to that. I'm just glad "The Lounge" hasn't changed one bit.
