Dearest Trust,

You are the slime between my toes. I hate your guts. Please add me back to Olympians and remove me from Benevolence.

Disrespectfully,

My Close Friend,

You fool. I jest. You were never forcefully removed from any of the esteemed Hack Forums groups.

I hope this finds you in good humor.

Sensually,

I'm quite surprised you found the time away from making shitty useless suggestion threads to make your way to this thread to insult me. I'd be proud of you if I liked you.

I don't care lmfao. My first warning since 2018. ?

(Aug 4, 2024 05:38 PM)Trust Wrote: [\[CITE\]](#) Ahaha get warned nerd
Also, technically, the rule I was warned for was a post under 25 characters "Not including the reply"
which this reply also falls under. So technically this post is also LQP.

/reported.

Oh I 100% know why you got warned lol

Good ol 25 character rule

Miss the days when a new user would post "25 char" and get warned almost instantaneously.
