For me it's dark clothes and wearing a cap. Idk why but I feel so powerful in it. What about you?

A well tailored suit, dark shades. I have a couple but don't wear them as often as I'd like. Been considering getting another one soon but a good one can be a bit pricey.

Birthday suit.

But other than that I'd go with my leather jacket I bought a few years back - love that thing!

I hate thinking about what to wear, thus I only have the following:

- 2 pairs of shoes
- 1 pair of blue jeans, 1 pair of black and 1 pair of beige pants
- 5x black polo's
- 5x white polo's
- 5x beige polo's

I just take whatever.

Not a fan of suits, but that does sound nice!
