It has to be spring for me. Not too hot, not too cold. Nature is beautiful and vibes are overall always great.

Wbu?

Oooh I like this question. I would for sure choose Fall. It's my favorite time of the year with the brisk weather, change of colors, and everything Halloween related. My second choice would be Spring.

Fall was my least favorite season, but as I'm getting older I start to like it more and more ?

Ah dang! Fall is amazing haha. On the bright side, we have the pumpkin award event to look forward to every year now on HF :)

I'd have to say Fall. The leaves change (absolutely hate raking them up). The weathers nice, it's such a nice change because you just went through a hot ass summer and now its cooling down outside. You've got Halloween and Thanksgiving, with Christmas right around the corner so it's a exciting time of the year.

TooBurnt - August 3, 2024, 1:39 pm

Fall because it's just nice. Like that nice fall though right before all the leaves fall off the trees.

Me too will choose spring, very good temp and roses everywhere

DemonAsylum - August 3, 2024, 2:45 pm

For me it would depend on where I live at the time. Obviously wont get into all of the possibilities for combinations there though. If I simply had to choose one regardless of that than probably fall.

jbrillo - August 3, 2024, 10:18 pm

I like winter season!

Shone - August 4, 2024, 3:21 am

Fall, definitely.

I like slightly colder but not too cold weather and rain on some days, it just makes everything feel more alive.

Yin Yang - August 4, 2024, 4:03 am

I'd have to agree with spring too

squin - August 4, 2024, 5:00 am

Spring forever. Everything's in bloom, I like the cold mornings and my birthday's in May.

Blockonome - August 4, 2024, 5:42 am

Pure summer is the way to go for me.

Eran - August 4, 2024, 6:49 am

Seems like a big chunk of people like Fall. Only one reply for summer, dang!

Deany - August 4, 2024, 6:50 am

TheRyan - August 4, 2024, 10:07 am

I'm going to have to say summer, I can't imagine having to potentially layer up clothes so often. Let me slap a shirt on and go

JNath - August 4, 2024, 10:38 am

Definitely winter, summers here is too harsh.

Zalbai - August 4, 2024, 4:21 pm

Definitely summer. The days are long. The warm temperatures awaken the joy of life and the spirit of adventure. Summer also gives us delicious fruits, blooming gardens and the feeling of freedom. It is one of the best times to relax.

padrino - August 4, 2024, 4:29 pm

Winter for sure. Love the cosy feeling of it being freezing outside and nice and warm inside.

Wbu?

I would say for me the fall but I think this answer depends on where you live?

I would say spring but over where I am at it's used to be like you said not too cold and not too warm.

However, recently in the past 10 years. It's been cold as hell and always raining.

Then add in the flu, and allergies.

The fall is here gives you some hot days, Some mild days and some cold days. It does rain and thunderstorm .

Which is good in my books.

again I think anyone that answers would be based on where they live and how their weather system is during these seasons.

Like in south cali it's I heard one season aka summer.

happygonutty - August 5, 2024, 3:24 pm

I would choose Spring over any other season since I get to either sleep or wake up in cold mornings with lively plants everywhere.
