Thread: [Is it possible to take out phone number of someone from Telegram or LinkedIn](#)

Professor_Seirgio - August 4, 2024, 9:38 pm

Are there any possibilities to take out phone number from Telegram or LinkedIn without leaving any Traces .

Pls Explain If you know the process ,I joined hacking yesterday so plz explain from basics .

And If you're free , help me in this ?

Thanks in Advance ?

{I know my english is not good ,but my ideas are }

"Take out phone number...without leaving any Traces." What kind of traces would there be? That you visited a profile? You can forget about hacking the backend database of either site.

For LinkedIn, it would depend on the privacy settings. Your target may allow a phone number to be taken out by connections. Telegram would be similar.

number.

He 's not in my contact list. I have some chats and his username.
