I am new to this type of app, what I understand is that this software will create videos using AI, am I right? If yes, then where do I publish them and how can I earn?

V?rt - August 8, 2024, 8:32 pm

Good luck with sales! oddly enough still a market that's not tapped in enough.

This is a software + method offer. Basically the software creates 'AI Texting Stories' and the method shows you how to copy those stories into an app that creates a complete video out of it. Then it shows you how to earn day 1 with those videos.

If you are in the CRP yes, if not then I'll show you how to get partnership deals from other programs and earn from views as well. No account requirements for those programs.

Fresku - August 11, 2024, 8:27 am

There are repo's on Github which pretty much do the exact same thing, how does yours differ?

It's not about AI Storytelling, it's texting conversations. And that's not even the main thing, the app is just a utility for this product. It's the method and training behind it that makes all the difference.

Is this method have any country restriction?

Do I need mobile for upload or I can upload using PC/Windows VPS?

Mr_Kh4os - August 12, 2024, 2:00 pm

It's kinda funny I have seen a few of these in my personal feed/variations of it and tbh it really does seem effective especially if you have the right stories.

Cool idea OP make's it even easier(I have not tried this product or are affiliated in any way just making observations).

No country restrictions.

Sure, you can use a PC but a mobile is recommended imho.

It's crazy how many things we scroll past that seem like "brainrot" or just "plain stupid" but people are making stupid money with it. Thanks for your nice comments.

There are upsells but they are more like addons and not necessary to do the method. The main product is good enough so I'd recommend just rolling with it and not worry about anything else.

spammer - August 13, 2024, 3:44 pm

+1 for actual screen shots or even video recording showing earnings and payouts. you're making a big claim saying 10K a month with only promotional images with no real backing or vouches. I think it would only help you sell your service/product if you proved it a little more.

raregod - August 14, 2024, 10:27 am

yea plus the screenshots you show are from TikToks creator program which only select countries have access too.

mistu2025 - August 14, 2024, 12:59 pm

it's really great potential of untapped content market, I personally enjoyed such content on Tiktok, it's addicting.

Also would love to see some feedback from the members who bought and started to work on it, how is your success rate going, is it expected or slower than what you expected?

Two different niches. Also with TikProfits you can monetize on the first day.

Yes, OTOs are available but main product includes what you need.
