Thread: [HQ WEBSITE SETUPS - PREMIUM LANDING PAGE TEMPLATES - \\$100 - CUSTOM DEV AVAILABLE](#)

Hackers - August 9, 2024, 11:00 am

I made my first website almost 20 years ago and in that time have run 7-figure development agencies, provided freelance services, and launched hundreds of web builds. You are in good hands.

Getting Started

Explore landing page templates here:

<https://elements.envato.com/web-templates/landing-page-templates>

As an authorized Envato partner, I can download any assets needed for your project and license it under your project's name. This is a lifetime license, so you don't have to worry about renewing, and I don't charge you more than the amounts listed below for the baseline services.

If you would like to use a theme from another source, that's fine, but it must follow the requirements for HTML/CSS/JS vs React/JS Frameworks within the pricing below.

Prices are based on services completed by me

Prices are not based on the cost of the template

The template is 'free'. You are paying for development services, not for the template.

Refund Policy

Spoiler ([Click to View](#))

- I will only refund you if I have not completed the service and you ask for a refund before I start the service

- You will be happy, so this policy is moot. You will be happy, don't worry :)

- If you are concerned, use an MM.

- I will not refund you if you choose a template and you wish you had chosen a different template instead

- I will not refund you if your site goes offline because you don't pay for hosting, domain renewal, etc

- I will not refund you if you delete your site by accident

- I will not refund you if you are unable to provide domain/DNS/hosting settings in order for me to

continue the service

- I will not refund you if your site is suspended, lost, or otherwise offline and it has nothing to do with me

- I will not refund you if you are asking for a refund due to something I haven't promised you. Read the service details - I will provide those services 100% of the time.

- I will not refund you if you prevent me from completing the service (ex: you don't give me hosting details, but you already paid & chose a template & I have already downloaded and licensed that template for your project)

All services below are for landing pages (single page websites)

Service 1 - Personal - For HTML/CSS/JS Templates (\$100)

Does not include Wordpress, Laravel, React, or other framework setups

Theme / Template - Licensing & Download

Basic Theme Setup - Upload theme files to your existing server or shared hosting

AI Powered Content Changes Available Upon Request!

Basic Support - Answer any initial questions you have about modifying your HTML web page

Service 2 - Startup - For HTML/CSS/JS or React/JS Frameworks (\$225)

Does not include Wordpress, Laravel, or non-JS frameworks

Theme / Template - Licensing & Download

Basic Theme Setup - Upload theme files to your existing server or shared hosting

Basic Domain Setup - Connect Apache or NGINX to your existing domain/subdomain

AI Powered Content Changes Available Upon Request!

Basic Support & Instructions - Teach you how to make your own page edits for text/media

Service 3 - Business - Landing Page Setup + Custom Content (\$475)

Let me do all of the work for you. HTML/CSS/JS or React/JS Framework Templates only

Theme / Template - Licensing & Download

Theme Setup - Upload theme files to an existing or new server or shared hosting account

Domain Setup - Connect Apache or NGINX for a new or existing domain/subdomain

Basic Security Audit & Server Cybersecurity - fail2ban / ufw / firewalld / open ports / etc

Page Content - Add your text content and media to the landing page, using the theme's styles & layouts

AI Powered Content Changes Available Upon Request!

Support & Instructions - Teach you how to make your own page edits for text/media, for future changes

All prices are non-negotiable and I will honor these costs whether it takes me only 15 minutes or if it takes me 5 hours to finish your project. It's a set cost - do not ask for a lower price. If you need more than these services provide, you can start a contract and ask for a quote for further services, but nothing less or more than what is described below is included in these costs.

We will use an HF contract, or we will not do business together. If you want to use an MM, it must be someone I know already, or someone that has been a trusted MM on HF for years. Hi Cooligan.

I can confidently vouch for [Hackers](#) . He's been incredibly helpful and truly knows his stuff. He's currently assisting with a website project, and I wouldn't hesitate to work with him again in the future. God bless you, brother.

I appreciate the kind words! Glad I could help you. I had been chatting with BitcoinLord9 and helping him with some web ideas & offered him a vouch contract here.

Let me know if you need anything else!
