Is there a way to unban a channel from telegram?

I'd be surprised. They have dog shit customer service and I know once they limit an account there's no getting a hold of anyone to get the restriction removed. It just keeps telling you that they have already verified you were in the wrong.

Yeah, the account good, but the channel is locked. If anyone can unban the channel, I can pay good money.

Please send me a PM with channel link.

I've unbanned channels/groups and accounts as well.
