Thread: [I need anime recs to binge watch](#)

Angela_love - August 19, 2024, 10:07 am

I've been only watching the new releases as they aired in the past 2 years.
I am currently watching NieR:Automata 2nd cour and Oshi no Ko 2nd season.

I am looking to get back into binge watching (preferably some fantasy/isekai).

Looking forward to your suggestions!

Fullmetal Alchemist: Brotherhood's greatest strength lies in its impeccable pacing. It starts off pretty low-key including that infamous Nina episode and soon spirals ...

I'd say a good one to watch if you're into fantasy is "Frieren: Beyond Journey's End", but it is strictly not an isekai.

A good fantasy anime that is isekai that I liked watching recently Jobless Reincarnation, even if it does have some degenerate scenes the animation and overall story is very very good.
