Thread: [Is There A Way To Print A Single Post Lol?](#)

Kaleb - August 20, 2024, 6:44 pm

I wanna share a few posts with my dad and its just easier to do so in printed format. Is my best bet just screenshotting and hoping it fits. Or maybe I'll just transcribe it on word in a readable format haha.

Deany - August 20, 2024, 6:52 pm

If you on firefox you can use the take screenshot thing with a right click and download it to pc

Undead - August 21, 2024, 1:21 am

Is it not possible to just highlight the text, right click and print?
