Thread: [Farmer Hosting - Spoof - IPHM Enable - Network dedicated port high end quality.](#)

Hosting Farmer - August 25, 2024, 1:26 pm

I'm excited to announce that I've started a new company, Hosting Farmer!

We currently have space available for two racks in our data center, and we're offering 1Gbps unmetered dedicated servers with no shared bandwidth.

For those with higher demands, we can also upgrade to up to 10Gbps bandwidth.

To ensure you experience our top-tier service, we offer a free trial of a dedicated server with 1Gbps up to 10Gbps bandwidth for 20 minutes for testing.

IPHM (Internet Protocol Handling Mechanisms) are enabled, allowing features like IP spoofing and other advanced network configurations to meet your specific requirements.

Plan 1:

CPU: Intel Xeon E3-1230v6

RAM: 16GB DDR4

Storage: 1TB SSD

Bandwidth: 1Gbps Unmetered (Upgrade up to 10Gbps available)

Price: \$149/month

Plan 2:

CPU: Intel Xeon E5-1650v4

RAM: 32GB DDR4

Storage: 2TB NVMe SSD

Bandwidth: 1Gbps Unmetered (Upgrade up to 10Gbps available)

Price: \$249/month

Plan 3:

CPU: Dual Intel Xeon Silver 4210

RAM: 64GB DDR4

Storage: 4TB NVMe SSD

Bandwidth: 1Gbps Unmetered (Upgrade up to 10Gbps available)

Terms of Service

Code Prohibited Activities

Botnets: The use of botnets or any automated networked systems to perform malicious activities or unauthorized access is strictly prohibited. Violation of this policy will result in immediate suspension of service.

Scanning Tools: The use of port scanners, network vulnerability scanners, or any other tools that probe, explore, or attempt to exploit weaknesses in our servers or other systems is strictly forbidden. Abuse of this nature may lead to immediate account suspension.

We strongly advise against using botnets or scanners, as they risk IP leaks and can lead to abuse reports or suspension of your server. We recommend using only spoofing methods that do not cause issues. Thank you!

Refund Policy

Code Full Refund for Undelivered Services: If the server or service has not yet been delivered or provisioned, you are entitled to a full refund of your payment. Please contact us request a refund in such cases.

No Refund After Server Access: Once you have received access to the server or services, and the service has been utilized or "touched," no refunds will be issued. By accessing the server, you agree that the service has been rendered, and refunds will no longer be available.

Want to know how I know you are an uneducated bozo? You don't know what IPHM stands for and you are trying to resell spoofed servers.

First of all, resorting to insults just shows a lack of professionalism and credibility. If you had an actual issue, you would have addressed it respectfully. Second, IPHM might be an acronym you know, but in a technical world, acronyms vary. So instead of assuming things, how about a little education exchange? Lastly, if you think our servers are spoofed, feel free to provide actual evidence. Until then, keep the name-calling to yourself and stick to facts. Your ego won't win you clients.
