Thread: [My shit art!](#)

iNviZ - August 28, 2024, 5:40 am

Being sober and never could draw anything special I make these and no idea what I'm doing but it shows my feelings against life and cancer hate. I am Mattcaso

Klonopin - August 28, 2024, 5:48 am

An artist in the making, keep up the work soldier.
Have you made any other paintings?

Dont know what it refer to, but i think it should be shown as second view

Kaleb - August 28, 2024, 6:36 am

Yeah you should try to get a better picture, kinda hard to see. Congrats on sobriety, if that's a long term goal of yours.

GypsiHunter - August 28, 2024, 7:53 am

Even tho it isnt obvious at first what it should be, after appreciating it i can see multiple different things within your art, which is the role of art. To enter ones head and expand in various ways, trying to indirectly give you hints about the feelings behind it. long story short it looks amazing, keep it up...

These pictures must mean something, brother

Mystical - August 28, 2024, 8:54 am

I quite like it to be honest. Natural talent perhaps? Could be lucrative in the future!

gracie - August 28, 2024, 11:09 am

that would actually be really cool for like a cover to an album. i like it

Expressive art is always neat to see. You can sort of fabricate your own idea(s) of what the art represents.

pr.account - August 28, 2024, 12:50 pm

I dig it my man. Never knew you to be quite the artist!

Best thing about art is that people can relate/feel it in some way which is completely different to everyone else who also saw it.

Huh, feels angry. I can see the hate.

I'd pin this on the fridge -- thanks for sharing [iNviZ](#).

Kinda reminds me of the flood from Halo.
