The weekend has arrived and what are your plans for the last day of August?

I will miss August

Blockonome - August 29, 2024, 8:47 am

I will be truly happy to NOT have August anymore, I need a new month with positivity

Nothing really exciting, still on a burnout so can't do lot of things. There are renovation work in my apartment, I'll maybe check on them to see how it goes, I also have few things to buy for the kitchen that is almost finished

Don't worry FEDs, nothing illegal !

For the kitchen, I need to buy :

- A countertop
- A bar counter
- shelves
- a ceiling light
- some lights under the upper cabinets
- and a backsplash

Then I'll need to buy a fridge, a washing machine, and an oven, but I'm broke now so this will be for the next months haha

August has been belting here in the UK - some decent weather, finally.

It also marks the month I got married - after 8 years with my now wife. We're away to Sorrento, Italy next month for a mini-moon !
