Thread: [Amazon messages and scams?](#)

Portugals - August 30, 2024, 1:22 pm

I receive many messages from WhatsApp and they say 'Would you like to earn \$1000 per week? Work with us on Amazon etc. Messages are most likely scammers, do you receive messages like this too?

You should download a trustworthy antivirus software and run a full scan of your device to identify and remove possible malware. Or better yet, hard reset.
