Thread: [Help me become most unpopular member on HF](#)

die_dunkelheit - August 30, 2024, 5:20 pm

Hey turds, I'm currently vying to become the most unpopular member on Hack Forums.

That's if you're not too busy googling yourselves or trying to invent a new gender or watching a fucking cartoon.

That's right bitches. Do it, do it now. [warn]

sigh

You know it's the weekend when pre-teens get on the internet and troll websites because they think it's funny.

Relax, no need to try and be edgy on a forum.

/b/rother,

We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there..

No need to be hostile.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
