Who do you play?

RangoWorld - September 8, 2024, 3:49 am

Tekken 3. I used to play much of it in my childhood. I also remember playing Street Fighters.

Haven't gotten a chance to try their latest games yet.

Capcom vs snk 2 is a good one.

Mercury - September 9, 2024, 4:53 pm

I think my favorite as a series would have to be Mortal Kombat, but those early 00's Def Jam games really hit hard. No pun intended.

DemonAsylum - September 11, 2024, 4:36 am

Haven't been into fighting games for a long ass time. Mortal Kombat games were definitely my go to when I was into fighting games though.

?Rednix™ - September 14, 2024, 3:39 am

As a 90's kid I have to undoubtedly say MORTAL KOMBAT 3: Ultimate

UltraexTrader - September 14, 2024, 3:53 am

The Tekken that was for PS1 is definitely forever my favorite.

Seems to be mainly Tekken and Mortal Kombat. I never actually played the prior, but am well aware of it of course. The 2 choices make sense as well. Honestly I'm more surprised to not see any Street Fighter mention though. Another great classic right there and that is still going strong today as well I believe.

I fuck with Tekken don't get me wrong, but SoulCalibur is crazy underrated.
