Thread: [Adult traffic + CPA | AM | Premium membership](#)

livelina - September 8, 2024, 6:43 am

Hi folks, this will be my first case study / journey posted here on HF. Hopefully you'll enjoy it.

I've been doing money online for 10 years now, and while im building a SaaS I was thinking about doing a side quest to keep myself mentally satisfied and keep my dedication going, and to have a case study to showcase to my yn's

Can't have slow wins without quick wins. Okey let's get down to it.

Requirements:

Pick pack(s)

Messaging platform (Modded KIK, Snap) Landing page

Custom scripts for automating repetitive tasks (Python/Javascript/Bash) About 5 VPS servers

Cron Jobs Traffic funnels

Maybe outsource the text task Time

Monetization:

My initial thought was to only capitalize on this from 3rd party networks. But that would be naive since if i manage to hook horny men into completing a fkn CPA survey to get time limited access to my content then i surely can get them to subscribe to my premium snapchat.M

CPA:

OGADS Crakrevenue

AM:

- I still need to find solid offers to promote.

Premium Membership:

Private Snapchat story

- Will come up with something else to squeeze their pockets.

Traffic:

All the traffic will be siphoned from add for add sites.

To make sure my profiles are visible I will use automation to sign in and if necessarily any required interaction to boost my account to the top. (Currently I've been using a site I used way back in the day when this site had much more traffic to it. I've automated it and hooked the cron job to it and its running successfully.).

Landing Page:

Currently writing a static site to test if its enough to start making some conversions. The next weekend I will make it more dynamic and add PPC Ads on it too.

That's it for now. Cheers!

Any update in the progress? Anyway to generate adult traffic constanly?

@readygooglergants - April 23, 2025, 2:25 am

goodluck on this bro
