Hot damn, those are some hot thread designs. Your prices are, at least in my opinion, really cheap. GLWS, I can definitely see you getting a lot of sales with work like this.

Rydan is an excellent artist - quick turnaround but high quality and detailed designs.

Plus he's a nice guy. Would highly recommend

socks4 - January 31, 2026, 3:27 am

Paid for a thread design, product was finished in less than 3 days

We had a brief conversation on telegram to discuss the concepts and ideas, and I shared some images of the product to get a sense of the theming. Rydan translated this perfectly into a thread design, was professional and did a fantastic job making small changes I requested.

With this service, on top of offering support for later changes if needed, I can't see a reason to not

recommend everyone to their service, was a brilliant experience and I will definitely do future work with them if I ever need to again.

IRLCash - February 22, 2026, 10:06 am

Interesting, is the thread design service still \$25?

Hello, unfortunately a thread design costs 35\$ if static, 50\$ if animated. HF will not let me edit the thread.

C00Lssh - April 14, 2026, 9:27 pm

Hey man,

send me a PM, need some updated thread designs for my products.

Thanks!

socks4 - May 9, 2026, 7:44 am

Having done more work with OP, I again can't stress how good it is to work with them.

I asked for some animated advertisements this time, and the work was delivered within a few days, OP also took on my input very well and made the changes I requested happen within the day. I would absolutely recommend them for any graphics work, as they clearly can handle both static and animated design very well.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP

(Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
