Thread: [I found a program that searches for vulnerabilities in HTML page servers.](#)

Nescoroco - September 17, 2024, 8:51 pm

“Sc0rp10n-Dz ”

I found this by searching ZeroPaste's randoms link.

It appears to be designed to identify vulnerable servers and possibly load or interact with a malicious file

Script in here:

pastebin . com / L2EiqHQR
