Tha Sneak's Currency Exchanging Service

Pricing:

- Rates will be discussed depending on various variables.
- There is a minimum \$5 fee for all transactions under \$100.00.
- The fee for services shall be included in the transaction and deducted by me when the other party receives the payment.

Terms of Service:

- The fee for the currency exchange service is non-refundable.
- All deals must take place on [HackForums.net](#) and not on any other platforms. If you are asked to go outside of HackForums for a deal, this should raise a red flag.
- I am not responsible for anything that happens outside of the original agreement.
- I reserve the right to refuse service to any client or deal.
- I will charge a \$2.00 fee per day for unclaimed funds.

I will exchange any currency, including crypto.

I can't initiate a contract with you Sneak unless you enable 2FA. I need to transact.
