Yes. These are Steam codes that can be redeemed globally and you can send them to whomever you wish.

In fact, I've sent you the following games for free. Please feel free to send them along to your friend and wish him a happy birthday!

LEGO DC Super Villains

LEGO The Incredibles

LEGO Harry Potter 1

LEGO Harry Potter 2

LEGO Pirates of the Caribbean

LEGO Lord of the Rings

LEGO Marvel Super Heroes

LEGO Star Wars: The Complete Saga

Enjoy!
