Thread: [What Are You Looking Forward To During The Rest Of 2024?](#)

DemonAsylum - October 1, 2024, 2:08 pm

Only 3 months left in 2024, but that's still plenty of time for some fun and excitement! Anything in particular that you're looking forward to in these final few months?

Zalbai - October 1, 2024, 2:11 pm

The question made me feel like the end of the world would be in 3 months...

SuseGD - October 1, 2024, 3:00 pm

I'm just mainly looking forward to the new year. I know it's pretty early to be saying that, but for me, the late fall/early winter months just feel like a countdown to the new year. Other than that though, I'm looking forward to both Christmas and Thanksgiving. I'm probably going to spend some time with family and friends, so it should be pretty fun.

SBMM will most likely be an issue like every year sadly.

What's SBMM again? And how's they have 4 years? Isn't cod made every year? Or it's a new developer? I remember at one point two developers would alternate years to make the game

Treyarch was working on this cod the entire time for the past 4 years.

Infinity Ward and Sledgehammer have been releasing cods back to back letting treyarch have 4 years.

SBMM is basically going against your own skill level so basically only sweats lol.

Oof, skill based match making - yes.

no good.

Hopefully it's good lmao. What's different about this one compared to others.

Mainly the movement and usually Treyarch never misses.

The movement is pretty good.

It's a bit more out than than what I'd prefer, but I can't say it isn't smooth for instance.

It is absolutely baffling how fast 2024 has passed. I mean, it feels like yesterday the yeae just started lmao. I am hoping to attain the quickly loved award. Besides that, write 4 more blogs for the golden content award! Well, also donate a bunch for some goodies lol. (Hopefully)

I have no doubt in my mind you'll get the QL award. AS for the Golden Content, I still gotta get that one myself too! I actually think it was one of my "HF Goals" for myself to knock that out. Still have time to do so, but we'll see if it actually happens lol. Wish you the best of luck though. You have your foot in the door at least with 1 down.

I have like 41% on the quickly loved award, so far it is going well. Wish you the best of luck towards your awards!

That's solid progress! I think I already gave you a QL from elsewhere, but just in case, I gave you another haha. Thank you as well!

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Just paying bills, celebrating the holidays with family. Got a fun 3 months ahead of us with Halloween, Thanksgiving, and Christmas. Best time of the year imo.

Best of luck with making money and there is of course SO much on here that you can get into so
that should be no problem ?

It is definitely the most packed time of the year activity/event wise IRL for many. Nothing wrong with
that of course. Plenty of good times ahead to be had in the upcoming months. Looking forward to
much of it myself as well.

Jinu - October 4, 2024, 11:35 pm

I'm really looking forward to wrapping up some personal goals I've set for the year. I'm also excited
for the holiday season, spending time with family, and hopefully getting closer to hitting some
milestones with my hobbies, like growing my die-cast car collection. What about you? Any big plans
for the rest of the year?

Yes I can tell this forum is something of a gem for sure

I am excited about trying new things, picking up a new sport, or exploring a new restaurant.

?ord Frieza - October 6, 2024, 4:00 am

I'd like to payoff the rest of my debt by the end of the year.

Yin Yang - October 6, 2024, 4:41 am

Better health and more wealth

Mooooookie - October 6, 2024, 4:54 am

Yes, the year is almost over and I have quite a few things lined up that I'm working on.. but have
recently linked up with one of my developer friends, and are putting together a nice automation
project with iOS. Everything I've worked on in the past as far as automation has always been
Windows related, or Android related... so venturing into iOS automation is a new playing field for me,
and I'm quite excited.

I'm looking forward to hopefully finishing this semester off with a 4.0 GPA still before I graduate in
the spring. Then I'm also looking forward to seeing family during the holidays that I haven't seen

since last year.
