Thread: [Amazing Custom Usergroup Color](#)

Omniscient - October 1, 2024, 3:52 pm

Make your best offer for this to be your groups custom css color.

This is the CSS if you wish to test.

```
.custom-text {  
  font-size: 24px;  
  font-weight: bold;  
  background: linear-gradient(135deg, #FF5E5E, #FF8E3C, #FFDD44);  
  text-shadow: 2px 2px 4px rgba(0, 0, 0, 0.5);  
  -webkit-background-clip: text;  
  -webkit-text-fill-color: transparent;  
  -webkit-text-stroke: 0.25px #030F1C;  
  font-family: Verdana, Arial, Sans-Serif;  
}
```

It's gotta be one of the best looking usergroup colors I've seen. Immediately saw it and made this thread. If one of you doesn't take this, I'll use it for Mentors.

Here is postbit screenshot for you.

Nachfolger - October 1, 2024, 3:52 pm

I'll start the bidding at \$1.

Cooligan - October 1, 2024, 4:28 pm

Ahh gradient usernames, finally! :D

I've been hoping for a long time that these would make its way to HF, and it looks good. Some colorways will look awesome.

I'm sure someone will scoop this up very soon.

Omniscient - October 1, 2024, 5:13 pm

And here also is other gradient options I'm coming up with.

AN example of the silver.

Still in love with the silver gradient, so damn clean.

The new Staff ones will look great as well if implemented.

Gradient usernames slap hard!

Confound - October 1, 2024, 6:53 pm

I'd love for this to be for mentors tbh.

Trust - October 2, 2024, 3:41 am

I was just thinking the other day about gradient usernames and if I wanted to pursue them for Benevolence.

I'd have no issues if it was used for mentors, though. ?

Biggs - October 2, 2024, 5:01 am

Gradient, nice.

Time for some fresh colors around the forums.

Pentatonix - October 2, 2024, 5:30 am

Is this going to be limited to 1 group as an exclusive or will this be a standard offer for all groups?

Suppose a Standard Offer. New colors for groups feels a little inspiring. So why not?

If I had the money I would. I have really been wanting to start a group on HF. I probably won't have that sort of funding for my entire lifetime hahaha

A couple hundred dollars? I'm sure you'll make more than that in your lifetime. Don't set your limits so low. If you work hard & don't give up, anything's possible in this lifetime.

When I talked to Omni about starting a group he said it would cost around 5k. I don't think anyone is going to be selling a good group for under 1k

I think it seems that the font size is also increased overall for usernames in threads list/sections under threads that is causing some weirdness. I also felt it. The colors, I think they are good.

username font size is greater than thread title font size. Was this originally like this or am I blind?
