Do any of you watch Esports at all? If so, which games do you watch and what are your favorite teams or players from that game?

I don't really watch esports. Regular sports, though, that's a different story.

Haven't REALLY watched CS in a bit, but I at least keep up with when a major is going on for instance and who wins it via X.

You only ever watched CS or did you previously watch something else?

I used to watch MLG Pro Circuit every weekend. Now a days, sometimes I'll scroll through Twitch and watch Ninja.

I will occasionally watch esports, I'll be rooting for my org though haha.

Call of Duty only though, only esports I could really enjoy.

Halo Infinite Champs (biggest tourney for them of the year) is this weekend if you have any interest in checking it out.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first

post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
