Thread: [What game do you enjoy to Watch Streamers play the most?](#)

oRequiem - October 1, 2024, 5:51 pm

For me, it's probably Dead by Daylight from a streamer that I've been watching since the H1Z1 days. H1Z1 was definitely the best game to watch streamers play, especially from the funny rages. But now it's probably just Dead by Daylight if the streamer is a good player or at least decent lol.

I don't watch many streamers but usually Fortnite when I'm wanting to see if anything is new. Occasionally Modern Warfare 3, but not often.

Fish - October 1, 2024, 6:58 pm

I don't watch too many streamers now, but I use to watch lots of GTA V streams back in the day

It's like official LAN tournaments, it's a whole thing in the gaming scene.

Yeah, usually you'll see it trending on twitter or being streamed on youtube and/or twitch.

I think I have vague memory of friends talking about this in the past. I maybe even placed a bet or two many years ago. Was it bigger back then?

Wherever it's being streamed, it's usually streamed on Twitch.

On Twitch? That's interesting since it's against Twitch's TOS to hack unless it was single player mods.

Yeah! It was at least 9 years ago maybe. GTA V people were modding in online mode. Killing other people, spawning in random shit, giving unlimited money. I wonder if that's a new rule?

Na, twitch has always been banning people who hack online games.
