What are you Top 5 Army Movies?

I feel like there aren't that many Army/War movies which I find pretty odd so I'm hoping to hear some that I haven't seen yet.

Here's my Top 5:

- Saving Private Ryan
- Guy Ritchie's The Covenant
- 12 Strong
- 13 Hours: The Secret Soldiers of Benghazi
- Fury

I believe that some of the best war movies I have seen are:

We Were Soldiers (2002)
Black Hawk Down (2002)
The Deer Hunter (1978)
The English Patient (1996)
Windtalkers (2002)

Didn't know it was a movie until somewhat recently when I was watching movie mashup videos on youtube.

Seems interesting.

I can hardly wait to hear what you think of We Were Soldiers! It's truly a movie that makes you think. Do you think you'll watch it soon?

I don't know how you watch the movies.

Don't forget to watch it actively, otherwise it won't work. I say this because I've heard from many people that they multitask. I hate it so much when people do that, especially with important movies.
