She been getting so much hate on FB and by Chester's son lol. What you think about their new singer?

I haven't listened to any of the new songs and I think they should have let the name die with Chester. Should have started a new band.

See, I can't ever listen to that. It'll just ruin Linkin Park for me and I don't want to do that to Chester

They should stop letting her sing songs Chester did, it'll only make people hate her more. And from what I've listened to, her voice isn't really good enough for those anyway.
