Depends where in Canada you want to live. Most major cities here have become sketchy.

The beaches are breathtaking and the weather is pleasant all year round. Have you ever thought about vacationing there or maybe even emigrating?

Yes, brilliant, it's incredibly beautiful there! ? But the problem is that you have to pay your income taxes there.

sharn - October 3, 2024, 11:30 am

Not really. I am happy where I am, but I am open to visiting new places.

Back to the netherlands. That will happen eventually. It is a great country. Great people too. The Dutch are in my experience amazing people

Portugals - October 3, 2024, 3:53 pm

I would like Italy or Germany

SuseGD - October 3, 2024, 7:05 pm

I don't really want to move to another country, I'm fine with where I'm at right now. I'm already quite settled here anyways, so it would be a bit of a hassle to move to a completely different country.
