Thread: [Favourite time of the year?](#)

Morphh - October 5, 2024, 1:08 pm

What's everybody's favourite time of the year and why? I personally like winter time the most.

SuseGD - October 5, 2024, 1:12 pm

Winter is my favorite time of the year, mainly because of the snow that falls. The ice and slush is definitely a bit annoying, but the landscape more than makes up for it.

Honestly, the snow is beautiful. I always told my family and friends that I'd move to Canada because of the snow.

Summer, for sure. Long days, beach trips, BBQs, and just being able to spend time outside without a jacket

Fair enough, BBQs is one thing I do like about summer.

Totally! BBQs are the best part of summer.

Good weather and good food.

Portugals - October 5, 2024, 3:43 pm

April-May is very beautiful

DemoTester - October 5, 2024, 4:05 pm

Fall. Its simple sweater weather and its not too hot or too cold. you can sleep with the window open and the breeze just feels good in the morning.

F4tDoinkz - October 5, 2024, 4:08 pm

Summer for me, I really enjoy the outdoors in the summer and try to be out as often as I can.

Prawnster - October 5, 2024, 7:27 pm

Always winter, summer is fun and all but it's too hot (even in the UK sometimes haha).

I like it cold as that's when I'm most productive.

Cap - October 5, 2024, 10:00 pm

I love spring/fall because the temperatures are bearable and not crazy hot or cold. Fall is great

because it's beautiful out and I know some great holidays are around the corner.

Deany - October 5, 2024, 10:37 pm

October - November hits different

Spring will be number one, followed by winter.

Jinu - October 6, 2024, 12:26 am

My favorite time of the year is also winter, especially around December. There's something magical about the colder weather, cozy evenings, and of course, the festive atmosphere with Christmas lights and decorations everywhere. It's the perfect time to slow down, spend time with loved ones, and enjoy the holiday spirit. Plus, the food and traditions around this time make it even more special.

RangoWorld - October 6, 2024, 12:27 am

Probably December - January

Summer for sure, I love the heat, the longer days and summer life in general.

Yin Yang - October 6, 2024, 4:56 am

Gonna have to go with the summer. I don't hate fall or spring though

Yeah I feel like it's so hard to focus and get work done when it feels like everything is too hot hahaha

(Oct 6, 2024 08:31 AM)Sox Wrote: [\[CITE\]](#) I can 100% agree with this.

I am way more productive in the cold.

Ayee winter gang hahaha, I like summer for the late night skies where the sun is setting and the bbqs and memories but it is NOT a working time ?

Yeah facts haha, I only am vaping nowadays so I just do it everywhere like a degenerate BUT I use to love smokin indoors on a cold, horrible day outside and just big chilling on the comfy ass sofa hahaha.

and high-quality bud burning!

Nowadays, I just wake up, shower and then get to working on my projects n stuff hahaha, can't be slowing down for anything anymore :'(

Had like an hour break to have food and then back at it hahaha.

I'm going to go with fall. Reasonable weather and temperatures, so it's fun to get outside. Not too hot, but not too cold either.

Fall is like a happy middle ground I think at the minute.

Yup! You can get outside during the day, but still get cozy at night. Best of both worlds.

Yup I might have to change my answer tbf hahaha, I said winter cuz it's cold but Fall is like chilly but not freezing so maybe that's better ?

Jake Johnson - October 19, 2024, 5:00 pm

I really enjoy fall. It usually isn't too hot or too cold but just right. You start getting ready for the holiday season too and for me that means I get to see family I only see about once a year.

The Nun - October 19, 2024, 5:14 pm

Spring and summer are my favorite seasons.

DanielZ - October 19, 2024, 8:08 pm

I really like summer, warm weather, longer days, and plenty of outdoor activities like BBQs, beach days, and hiking. It just feels more laid-back.
