On search, type mm or middle man, or search for [Cooligan](#), he is good one from them

[hoangdoan](#) I'm available to Middleman, just send me an PM or Convo message. I typically respond faster to Convo DM's.

The most trusted middleman on the site would be [Cooligan](#) in my opinion. Others might feel different.

[Charlie Sheen](#) doesn't MM any transactions.

You can find this on his profile:

["I'm not currently selling anything and I don't middle man transactions."](#) - [Charlie Sheen](#)
