Thread: [DigitalOcean Droplet](#)

PUGNAc - October 8, 2024, 8:36 am

Giving away 3 droplets from DigitalOcean for free.

2 GB RAM
2 CPU Cores
60GB SSD
3TB Transfer

First come first serve. Contact me with your preferred OS (Linux) and I will set it up.

One droplet (1month duration) per member.

I'd be interested in checking this out.

Thanks!

Thanks!

Check your convo, I need to know which OS you'd like.

I don't think many good people would use this

Since you still have access and they most likely going to use it for less legal reasons

I will like to take the last of this droplet thanks for the giveaway.

bronzegods - October 8, 2024, 8:44 am

If it's available. I will take one to test it out,

Two droplets given away and only one left.

All three droplets are now taken. closing
