Thread: [Domino's - Free Medium Pizza with \\$8+ Order](#)

Epic - October 8, 2024, 3:55 pm

Hello everyone,

I'm back with another Octoberfest deal, this time it's pizza. Domino's is offering a free medium 2-topping pizza if you spend \$8 or more on an online order. The only catch, is that you have to use coupon for the free pizza in a future order. To me this seems like a decent deal, considering a medium 2 topping pizza is about \$15 at my local Domino's. Spend \$8, get a \$15 pizza for free.

You need to order online through your Domino's Rewards account to claim the coupon, the coupon is valid for 30-days.

Damn that's a good deal but holy shet I hate dominos. Prefer PJ or Pizza Hut

Yep, domino's is definitely my least favorite of the three.

Papa Johns > Pizza Hut > Domino's for me.
