Those sites you presumably taken down are no joke. That's some serious power.

Alright now that's some powerful stuff, was in some similar botnet back in 2015 I believe it was, took down ANY site.

I sadly do not have the money for a spot but if I did, I'd buy in a heartbeat.

Best of luck with sales though!

Regulas is a nice guy. Give him a trial plan. I would love to hear more as a review from him before buying.

Best I can do is some test hits on some targets that you pick if you would like.

Is it possible to schedule the attacks with your panel?

bl4cklak3 - October 9, 2024, 11:57 am

This is crazy. If the proof is legitimate, the service is definitely worth it.

Would be a good idea to provide at least 1 vouch copy to a trust member, so that they can confirm if this is real or not.
