Thread: [Where should I go for Anniversary?](#)

Yin Yang - October 13, 2024, 6:11 am

My anniversary is in late January and I'd like to go out of the US. For our first, we went to DC. Second we went to Orlando. And then third to Puerto Rico. I think it'd be only right to travel further and out to experience different culture and food.

I'm thinking possibly tulum but don't know if that's the best spot in Mexico, only heard good things about it. Also, it might not be the best price wise and more of a honeymoon type of spiel. Just curious as to what would you recommend? And if there's a particular site that you use to book your listing?

Why not do a cruise? Great value for money and you can go to a few places.

I'm going Spain next year with my Mrs on the anniversary, booked it all up and got the tickets etc all sorted as a surprise that she dont know about yet haha.

Maybe just choose a place like yourself and then tell her what weather to pack for and then surprise her when you get to the airport ;)

In January? Have you considered going down under? Either to Australia or New Zealand?

The Bahamas is a nice place to go for couples on their anniversary. I know multiple people who have went down their, and they enjoyed themselves.

Most of those small islands in that area are really nice from what I've heard.
