Ed, Edd, and Eddy. Hands down. I may not give that away based on my avatar.

Uh.. lots of them cross my mind. I think Courage The Cowardly Dog tops them all.

I'm gonna have to go with south park. It carried me from middle school to high school. I've seen every episode and even now, with their special releases, it still makes me laugh as much as it did back then

The Simpsons and Southpark. Can't really make up my mind.

If it's really cartoon, cartoons. Then has to be either "The Simpsons" or "Powerpuff Girls"

I don't really watch cartoons but if I ever end up watching any, it'll be Family Guy.
