Thread: [Sector Leader Recruitment](#)

Neil - October 16, 2024, 8:33 am

Sup everyone.

I'll keep it short. I'm looking for leaders for the olympians to control different sectors of the olympians.

There's no formal process to apply other than post below (or dm me if you want to be private about it) what type of sector you'd lead (i.e gaming, hacking, etc.) & how you'd lead it.

If i like what you wrote & your idea, i'll make you a leader of the olympians & give you full authority to carry out your sector as you please.

You could just make me a leader and I won't even join the group.

Logical fallacy. How would you kick us if we aren't even in this random group?

Nevermind, he will not let u in anyway, so u will not be kicked ?

Best of luck with this mate. Hope you find a worthy leader.

I wouldn't mind leading a gaming sector. I play video games all of the time and am pretty decent at a bunch of games. I would host game nights, discussions, publish news on upcoming games, and try to host contests with payouts.

Throw in an application / dm & i'll see what i can do. For leaders, i want more people who are active & actually want to do this rather than people who want it as a title.

I'm open to any type of sector, it's up to the work ethic/activity of a member where their leadership will get approved.

On a side note: i'm still looking for as many leaders and sectors as i can get & there are NO requirements to become a leader (other than actively Wanting to do it)

If you ever want to see what it's like owning a group, make a sector & lead that to see if you want to make a group or not.

Thanks man, I'm actually looking for multiple leaders rather than just 1. It'll always be an on-going recruitment for people who will have to maintain their sector monthly.

Looking for 1 or 2 more Sector Leaders to run a sector (of their choosing) in the olympians.

No requirements other than being active/taking it seriously & no scam reports.

Idc if you're non-upgraded, l33t, ub3r, etc.

I just got promoted to a leader in Pulse,

I plan on filling threads up with fun, mental health, and meaningful conversations on here in any group I surround myself with and give a reason for people to come on here tomorrow !

We can only hope to work together !

I'm excited to see you around Neil.
