I've been into online money making for years now but I've never seen methods like the Sholi's one. I gotta spend some time to set things up, but now I see the obvious potential. Will keep you guys posted on how the things going.

(Nov 16, 2024 11:19 AM)JoseMar Wrote: [\[CITE\]](#) Hi guys

As promised, here's another update, this will be my final one about this method, as I believe I've covered everything.

I made money using Sholi method, but I start to combinate 50% of this method with one of my own method.

So far, it's been effective, I've earned 58€ in just two days and I think I will make 20€ more today. The best part is that it's 80% automated, requiring only about 10 minutes of work each day.

Why am I mentioning this, and how does it relate to the Sholi method?

Because without the Sholi method, I would have never thought to combine it with other method.

What's truly great about the Sholi method is its flexibility. Once you understand how it works, you're not limited to just that method, you can split, and combine it with many other ideas. It's true that you'll need to invest some money upfront, but if you're willing to put in the effort and get creative, it's definitely worth it. The possibilities are endless once you are in this.

Would I recommend this method? Absolutely, because once you see how it works, you'll come up with even more ideas to make money. Just don't stick to this one, split it, combine it, and adapt. The goal is to make money, not to limit yourself to just one method. Once you purchase it, let your

creativity flow.

Do I look for other ways to make money? Yes, I always explore other methods, but not because I haven't earned with this one. It's because I prefer not to stay on just one method.

Best Regards!

(Nov 23, 2024 10:18 AM)JoseMar Wrote: [\[CITE\]](#) Hi guys,

Here are some payment proofs I've received, but please make sure to read everything I've written first. These payments were made by combining the Sholi offer with my method.

Please go through all the details before proceeding. And yes, I still highly recommend the Sholi method.

From this, I've also invested around 60€.

This is a completely white-hat business and you will get 1-on-1 Mentoring so any worries you may have about this should be gone just by reading that. I will lead you step-by-step to your first payout and afterward, you'll receive FULL support. This is one of my primary sources of income and it is a real, viable business that's not going anywhere soon.

I started doing this recently with zero experience in the platform(s) used to make this money. Traffic is 100% free and you don't have to make any investments but it will be easier if you do..

Basically you'll receive:

- a guide on how to setup the accounts needed to perform this,
- my exact settings to automate and earn passive income from it,
- all materials & resources I use,
- custom-coded software w/source codes to make money with (I spent over \$1k+ to make these),
- my free traffic strategies to get earnings even on autopilot once initiated,
- how to scale this and make beyond what I'm making with it (I have a family of 3, full-time job, several projects on the side),
- full mentorship with guidance to earnings

There is a lot of potential with this that even I haven't uncovered yet. You're going to receive the entire business in a BOX so setup should be maybe 2-3 hours but it really depends on you tbh.

It's a Plug n' Play deal and if you're like me, who does not have much time, perhaps a full-time job as well, then this is perfect for you. You can REPEAT the process unlimited times and even scale it to any level you're comfortable with.

This mentorship and its resources are priceless and you will be making money with me. The best thing about this is that you can almost be GUARANTEED profits. It's hard to fail with something like this. On top of that, you're getting access to a Private Discord Group with like-minded individuals and full access to all resources, materials, and updates needed to execute this method.

The goal of the group is to build a strong circle which will benefit us in the future and we will be able to help eachother MAKE EVEN MORE MONEY by working together.

If you're looking to make some serious money then you're looking in the right place. Get started now and do not waste another year without a solid income.

I'm only going to be selling a limited amount of spots, not only to preserve the method but also because I do not have time to mentor more than a handful of students. Please only serious people who wants to run a REAL, online, internet-marketing business, and not someone that is just looking for fast cash or an easy route.

Mentorship Spots:

0 discounted vouch copies available.

1st spot => \$499

2nd spot => \$699

3rd spot => \$899

LAST spot => \$999

This is pretty much a DONE-FOR-YOU deal here. You will get access to thousands of dollars worth of information and resources with video walkthroughs in a nicely, organized drive. You will also get access to my mentorship and I will help you with every step so you don't get overwhelmed. On top of that, you'll get access to our insider group that we will eventually use to make even more money together.

This is NOT Social Media (TikTok/YouTube etc), SEO, Dropshipping, Shopify, CPA, Flipping, Botting, Betting, Gambling or Ewhoring.

It's fully whitehat, requires no investment and WORKS worldwide. You just need a PC/Internet Connection.

- The terms of service can be updated at any time without notice.
- All sales are final. You're paying for my time, knowledge, experience, and materials worth thousands of dollars alone. Refunds may be given on EXTREMELY SPECIAL OCCASSIONS which I must approve.
- If you don't have time to execute/setup the method and you ask for a refund saying "I don't have time for this", "I don't like your method", "This is too much work for me" or anything similar like that, you will NOT get a refund. You'll have to provide valid proof you tried all the methods and you still aren't able to earn anything to be able to request a refund.
- Opening a chargeback will result in a deal dispute and all access to the product and services will be void.
- Leaking will result in a deal dispute and your information will be published in a public scammer database as well as voiding your access to the product and services.
- Any sales trashing will void your access to services
- Prices can be changed at any time so can the description and features of this offer. You get what you purchase at the time of payment.
- You will need to put in the work just like for any other real business/job. Even if I'm saving you tons of time with what I'm offering here you're still going to be the man behind the wheel. If you are not willing to put in the work then this isn't for you.
- As a vouch copy recipient you may not be entitled to all features provided, only a select few. My

mentoring will be limited and the same goes for my support.

- Income Claims are projections based on the market and what has been achieved in it. Although possible, in no way are you guaranteed to make the exact amounts in the title or description.
- Sales trashing will void any warranty/support. Resolving any issues should be done in private and not in a sales thread.

There's no dates listed next to any of the transactions shown in the OP, were all those transactions from the same day? Or multiple days? What's the average one can expect to earn daily if they were to follow all your guidance, and set it up exactly as you have(scaled to the same level?)

Since the offer doesn't specify any country restrictions, should I assume it's intended for worldwide accessibility?

I started doing this recently so it's all from this year. It's random, some on the same day and some on different days. Average \$150-\$250 per day but can also be scaled so no set limit really.

Hello everyone,

Here's an updated review of my experience with this money-making offer.

First, let's talk about the need for assistance. You'll definitely need it, which is why there's a fee. Sholi has helped me for hours with setup, optimization, and troubleshooting, and I genuinely needed it. He's fantastic and his support has been invaluable.

Regarding investment: you'll need to invest a bit more money as you go, but the good news is that it allows you to scale quickly if you're willing to invest more. Don't expect big gains in the first 1-2 months unless you're ready to increase your investment, this method works, but patience is key.

The work involved: The initial setup does take some time as there's a learning curve, but once you're familiar, the process speeds up. After setup, you just wait. Essentially, you work 1 day to set everything up, then wait and check in occasionally. However, if you want faster results, regular investment will help.

About the offer title: MAKE \$3-5K+/MONTH => THE PRIVATE MENTORSHIP PROGRAM [OVER \$5K+ IN AUTOPILOT EARNINGS]

Can you reach this amount? The short answer is YES, but it takes time. As you progress, you'll see people who make \$5K in a week, not just a month.

THE PRIVATE MENTORSHIP: Sholi has been incredibly patient, walking me through each step.

AUTOPILOT EARNINGS: After a few weeks, once you get comfortable, it genuinely does become more passive, with only 3-8 hours (in one day) of effort each week.

Profit potential: I've made some earnings but not my investment yet, but the potential is definitely there.

I'll post another update in a week to let you know if I've made my investment back and also how much I made.

I'm hoping Sholi will continue to guide me and share even more tactics.

Best Regards!

Awesome review. Appreciate you going in to detail and expressing your true thought on everything. From what I gather by your review, the method sounds legit. Maybe not a get rich overnight, maybe not make \$3-5k your first month, but if you stick with it, then the potential is there.. did I get that right for the most part? And if you're willing to invest, you can speed up the process at which your earnings will come. Let me ask you this, is there any risk to your investment? Or is it guaranteed you will get it back?

Hi mate,

The method is definitely legit, but it's not a "get rich overnight" scheme. If you stick with it and stay consistent, you'll start learning and growing over a few months. If you're looking for faster results, you can invest more upfront, and while you may not see the return in the same month, you'll still grow quickly. Once you're established, it becomes steady, and there's potential to make really good money.

Just yesterday, I saw someone who's been using this method since 2015 make almost \$3,000 in a single day! Getting to that level takes time, though, and it's tough to reach it right away but if you have money to invest then you can do.

Hi guys

As promised, here's another update, this will be my final one about this method, as I believe I've covered everything.

I made money using Sholi method, but I start to combine 50% of this method with one of my own method.

So far, it's been effective, I've earned 58€ in just two days and I think I will make 20€ more today. The best part is that it's 80% automated, requiring only about 10 minutes of work each day.

Why am I mentioning this, and how does it relate to the Sholi method?
Because without the Sholi method, I would have never thought to combine it with other method.

What's truly great about the Sholi method is its flexibility. Once you understand how it works, you're not limited to just that method, you can split, and combine it with many other ideas. It's true that you'll need to invest some money upfront, but if you're willing to put in the effort and get creative, it's definitely worth it. The possibilities are endless once you are in this.

Would I recommend this method? Absolutely, because once you see how it works, you'll come up with even more ideas to make money. Just don't stick to this one, split it, combine it, and adapt. The goal is to make money, not to limit yourself to just one method. Once you purchase it, let your creativity flow.

Do I look for other ways to make money? Yes, I always explore other methods, but not because I haven't earned with this one. It's because I prefer not to stay on just one method.

Best Regards!

So far, it's been effective, I've earned 58€ in just two days and I think I will make 20€ more today. The best part is that it's 80% automated, requiring only about 10 minutes of work each day.

Why am I mentioning this, and how does it relate to the Sholi method?
Because without the Sholi method, I would have never thought to combine it with other method.

What's truly great about the Sholi method is its flexibility. Once you understand how it works, you're not limited to just that method, you can split, and combine it with many other ideas. It's true that you'll need to invest some money upfront, but if you're willing to put in the effort and get creative, it's definitely worth it. The possibilities are endless once you are in this.

Would I recommend this method? Absolutely, because once you see how it works, you'll come up with even more ideas to make money. Just don't stick to this one, split it, combine it, and adapt. The goal is to make money, not to limit yourself to just one method. Once you purchase it, let your creativity flow.

Do I look for other ways to make money? Yes, I always explore other methods, but not because I haven't earned with this one. It's because I prefer not to stay on just one method.

Best Regards!

Glad you're making money Jose. Thank you for the nice words & enjoy.

Hi guys,

Here are some payment proofs I've received, but please make sure to read everything I've written first. These payments were made by combining the Sholi offer with my method.

Please go through all the details before proceeding. And yes, I still highly recommend the Sholi method.

From this, I've also invested around 60€.

Do I need to create something "artistic"/"creative" to make this work, or is this more like mechanical work -kind of thing?

With artistic I mean anything from 3D models to graphical design, coding, etc.

I already make \$8k / month from work but extra cash would not hurt.

You don't need to create products per say since I already provide what is needed. You just need to set it up, and let it run. It's good extra cash :)

Depends, for me I'd set aside 2-3 hours for setup.

The absolute must would be like the cost of 1 domain and a webhost. The rest of investments are for scaling purposes etc and not necessary.

Interested in this. Although I'm not sure I can do this right now as I'm limited on capital at the moment. Will definitely come back when I have a little more excess cash available.

But why can't you tell us what the business is? Tons of comments have asked what the business is and you have only confirmed what it is NOT...but won't confirm what it actually is?

Hi Roy,

No it does not involve leaving any software running on your PC or Smartphone. It involves customers but everything is taught and laid out for you step-by-step plus you don't need to negotiate with anyone.

I wouldn't mind to invest if the starting price wasn't that high without knowing what it involves. You could explain what kind of business without telling the method or how to set it up. Bought some other things in the past from here but can't remember my old account but it sure was disappointing, it's a big risk to trust someone on his word that it works.

You say it's not Social Media (TikTok/YouTube etc), SEO, Dropshipping, Shopify, CPA, Flipping, Botting, Betting, Gambling or Ewhoring.

But saw you reply that it involves customers, so that only leaves affiliate marketing or crypto.
